**REQUEST FOR CORRECTED PUBLICATION UNDER 37 C.F.R. § 1.221(b)
DUE TO MATERIAL OFFICE MISTAKE****Box PGPUB**Commissioner for Patents
Washington, D.C. 20231

Sir:

Applicants respectfully request a corrected publication of the above-listed application pursuant to 37 C.F.R. § 1.221(b) due to a material mistake made by the Office. In particular, the publication entirely omits all of the 136 provisional applications to which the instant application claims benefit under 35 U.S.C. § 119(e).

The above mistake is apparent from the Office records, as the Application Data Sheet and the Official Filing Receipt each contain the correct list of priority applications in its entirety. Moreover, the mistake is material, as the missing priority claims affect the use of the published application as prior art under 35 U.S.C. § 102(e). In particular, without any priority applications being listed, an examiner or member of the public would incorrectly presume that the effective date of the publication as a reference was the filing date of the application (January 17, 2001), rather than the correct date nearly one year earlier. Indeed, in order to correctly determine the effective filing date of the present

publication, an examiner or member of the public would first be forced to obtain the correct priority information from the Office, thus undermining the use of the publication (and published applications in general) for § 102(e) purposes.

Accordingly, Applicants respectfully request that a corrected publication of the above-listed application be made pursuant to 37 C.F.R. § 1.221(b).

No fee is believed due for this submission. In the event that a fee is required in connection with this submission, please charge the required fee to Deposit Account No. 08-3425.

Respectfully submitted,
